Dear Niyaaaz,

Excellent, thank you so much for the clarification. We'll be sure to reference the City of Cape Town as the imagery source. I did just read the E-mail disclaimer for the City of Cape Town, may I request permission to share this email exchange with the maintainers of the OpenStreetMap data layer?

Best regards,

Richard Ninde

Dear Richard,

You can use the imagery if it's on the open data portal, please make sure to reference

the source as the City of Cape Town.

Subject: Data request - 2018/2017 aerial imagery for OpenStreetMap

Hello,

I'm following up on a request Aaron Young made to input street name data into OpenStreetMap.

I'd like to request permission to add the 2018 and 2017 aerial photography from the EGIS Viewer into OpenStreetMap as well, so we and local community editors can create a more complete map of the city with up to date data. As with the street names we would reference the City of Cape Town as the source.

Best regards,

Richard Ninde
